

RESOLUTIONS OF RATIFICATION OF PEACE TREATY BEING DRAWN

Matters Contained in Textual Amendments Voted Down Will be Put in Reservations

Democratic Members of McCumber Offers Committee go Into Mild Reservations to Peace Treaty

By RAYMOND CLAPPER
(United Press Staff Correspondent.)
Washington, Oct. 21—Members of the Senate Foreign Relations committee today were drafting resolutions to the peace treaty, and they will be resolutions of ratification.

With the formal reading of the treaty complete, action on the pact is expected to move swiftly. The Johnson and Moses amendments, the remaining proposed textual changes, are before the senate today. No action is expected to be taken before tomorrow or Thursday. Republicans are certain they will be practically agreed upon as the text of reservations, including the one covering the recent defeat of the Shantung amendment. This reservation would declare that the United States reserves complete freedom of action with respect to the dispute between China and Japan.

The pending Johnson amendment if lost, will be touched on in reservations which would give the United States the right to object to any league vote in which an empire cast, through its dominions more than one vote.

Reservations covering Article X would allow the United States to take action to preserve the territorial integrity or political independence of any league member.

Reservations regarding the Monroe Doctrine and the right of withdrawal from the league have been planned for some time this week.

An effort will be made to have the vote on reservations taken as a part of the vote on resolutions of ratification so that the vote on ratification will mean a vote on reservation. The democrat side however is planning a move in the hope of averting it.

Washington, Oct. 21—Democratic members of the senate foreign relations committee went into conference today to consider just how far they may yield on reservations.

President Informed of Treaty Status

Washington, Oct. 21—President Wilson has been informed of the treaty situation in the senate through a letter from Senator Hitchcock. It was learned at the White House today.

President Wilson has been told of other matters, such as the miners strike, the threatened coal strike, and matters relating to the national industrial conference by means of reports laid before him by Secretary Tumulty.

Information is conveyed to President Wilson directly by Mrs. Wilson and Dr. Grayson, who talks with him and reads to him, it was stated at the executive mansion.

Secretary Tumulty today was requested to come to the White House. He did not know if he would see the president or not. He conferred with Secretary Lane, Chairman of the Industrial Conference Bernard Baruch and Chairman Chadbourne of the central committee of fifteen.

President Wilson desires, it was believed, more information about the conference. Hitchcock in his letter to Wilson made an optimistic report according to what was given out at the White House. This it was said greatly encouraged him.

President Did Not Sleep Well

Washington, Oct. 21—President Wilson did not sleep so well last night but his condition was improved this morning according to a bulletin issued by his physicians at 11:30 a. m. The statement was signed by Drs. Grayson, Ruffin and Stitt.

McCumber Offers Mild Reservations to Peace Treaty

By RAYMOND CLAPPER
(United Press Staff Correspondent.)
Washington, Oct. 21—Compromise reservations to the peace treaty agreed upon by mild reservationists were offered to the senate today by Senator McCumber of North Dakota.

McCumber explained that the reservations will be an effort to harmonize differences among those who favor reservations in some form desirable.

No one claimed that the treaty is going through without some kind of reservations, he said.

Renewing of Youth Proposed By Doctor

Would Establish Cold Storage Plants to Preserve Glands for this Purpose

(By United Press)
Paris, Oct. 21—The establishment of municipal cold storage plants is proposed in which alleged life giving interstitial glands could be kept on ice to supply the demand for renewing youth. Dr. Serge Voronoff is said to be the originator of the operation. If removed from the body of a hopelessly injured man while alive, the interstitial gland will keep alive in an ice box for some time.

"In large cities where many accidents occur daily, why not take out the organs and keep them in cold storage? Every city should have a hospital where such operations could be performed. Unfortunately there is a prejudice to such practice, but through evolution this sentiment eventually will be replaced with the consciousness of helping mankind. This will be declared as a sacred task," says the doctor.

COMPLETE CODE FOR RELATION OF CAPITAL AND LABOR

To be Presented to the Industrial Conference if Collective Bargaining is Defeated

President Wilson Writes Letter to Conference While Will be Used if Necessary

RALPH COUCH
(United Press Staff Correspondent)

Washington, Oct. 21—John Spargo, socialist and writer, today was working to bring capital and labor nearer together in the national industrial conference.

Spargo has prepared a complete code of principles of its relations, which he hopes to introduce and have the conference adopt principle by principle.

The code contains about 2500 words and takes up the steel strike, the threatened coal strike and other industrial disturbances only in an addenda.

Spargo plans to introduce his code immediately after a vote on collective bargaining has been taken. If the conference fails to agree on that long discussed subject, the code includes plans to table all proposals and make a fresh start.

Spargo has laid the plans before Chairman Lane, members of the public group, including John Rockefeller, Jr., and Judge Elbert Gary, of the United States Steel Corporation, members of the labor group and other leaders.

Vote on collective bargaining seems certain to occur in the conference today. The general committee was to meet to prepare its report to the conference. The proposal prepared more than a week ago, has been discussed and revised by the employers group and has been in their hands almost continually.

Washington, Oct. 21—President Wilson today directed a letter to the national industrial conference. Secretary Lane, chairman, said he expected to read the letter before the noon adjournment. The nature of the letter was not stated in advance but it was expected to be an admonition to the conference that they get together in the face of the country's serious industrial situation.

President Wilson's letter to the conference is with regard to the threatened disruption, it was learned at the White House. It was said that Lane would use the letter, if he considered it necessary. The letter is two and one half pages typewritten, dictated by President Wilson in his bedroom and is signed with a lead pencil. Secretary Tumulty carried the letter to Lane for the President.

The letter it was said was considered private, but Lane would use it if he considered it advisable.

It was written on the theory that there was danger of some members withdrawing and is written with the intent of preventing that. He said he did not fear there was danger of that.

Siege of Petrograd is Progressing

Bolsheviks Removed Food and Ammunition Stocks Into City is Report

(By United Press)
London, Oct. 21—The siege of Petrograd is progressing favorably for anti-bolshevik forces according to dispatches.

An official dispatch from Helsingfors reported General Yudanitch had occupied Polkovo Hill while reports from Copenhagen said Yudanitch had moved his headquarters to Czarkoe-Selo.

The bolshevik in addition to increasing their stock of ammunition and guns have moved great quantities of food into the city, it was learned.

INDUSTRIAL CALAMITY THREATENED BY MINERS

Declares New Jersey Senator One-Third of Whom are Foreigners

(By United Press)
Washington, Oct. 21—An industrial calamity is imminent, Senator Frelinghuysen of New Jersey, declared in a speech today on the subject of the threatened coal miners strike.

"An industrial calamity seems to be imminent in the United States," he said. "The stage has been set for this disastrous event by 400,000 men, one-third being foreign born, who cannot speak the English language and know no acquaintance or sympathy with our institutions. Their demand includes 60 per cent increase in wages, six hour day and five day week. There is not a trace of collective bargaining in their demands," Frelinghuysen declared.

More Soft Coal Mined Last Week Than Usual

(By United Press)
Washington, Oct. 21—With a strike imminent, more bituminous coal was mined last week than at any period this year, according to reports today.

The geological survey report said 11,924,000 tons were produced and that consumers were quick to take the coal offered.

Big British Loan Offered by J. P. Morgan

(By United Press)
New York, Oct. 21—The largest financial undertaking by American bankers since the end of the war has been announced by J. P. Morgan & Co. today. They will float a \$250,000,000 loan for the British government.

The loan will be in the form of three and ten years securities to retire certain bonds of about \$135,000,000 of British government 5 1/2 per cent notes, maturing Nov. 1. The rest of the issue will be made available to British merchants in the United States to whom the government may sell dollar exchange.

Non-Partisan N. D. Rally

(By United Press)
Fargo, N. D., Oct. 21—While feeling among the rank and file of Non-Partisan leaguers, whose North Dakota rally is being held here, is apparently very strong against three state officials, and there is no doubt that a resolution calling for a special session of the North Dakota legislature and requesting the impeachment of the trio will be introduced and passed, it was learned league leaders are opposed to such action. The trio reported in opposition to the league are Attorney General Langar, Secretary of State Hall and State Auditor Kotizky.

Believed it Would be Useless to Ask for Sympathetic Strike by Trainmen

Washington, Oct. 21—John Fitzpatrick, steel strike leader, arrived here this morning. He asked for a conference tonight with the heads of the Big Four railway brotherhoods, now here attending the national industrial conference.

Fitzpatrick, it is understood, plans to ask assistance from the brotherhood. Brotherhood chiefs refused to discuss Fitzpatrick's action. They indicate, however, it would be useless to ask for a sympathetic walk-out by all railroad workers. The brotherhood, with whose chiefs Fitzpatrick sought a conference, are the trainmen, conductors, local engineers and firemen.

Viscountess Astor May Be Elected to House of Commons

(By United Press)
London, Oct. 21—The new Viscountess Astor may succeed her husband in the House of Commons, it was learned today.

The elevation of Waldorf Astor to the peerage through the death of his father created a vacancy and it will necessitate an election, according to reports.

The Viscountess was formerly Nancy Langhorne of Virginia. She is a sister of Mrs. Charles Dana Gibson. She was married to Viscount Astor in 1906.

"ROOSEVELT—AMERICAN"

By Rev. W. R. Johnson, Le Roy, Minn.
When Theodore Roosevelt spoke, 100,000,000 knew that here was the typical American of the full flush of America's strength. The blood of all the conquering races flowed in his veins. His very life, one long struggle against odds and an ultimate triumph through sheer courage, was typical of the nation's history. His heart belonged to all America, and his sympathies were uniformly nation-wide. The conservatism of the East, the warpath of the South, and the breeziness of the West were equally part of him, and each section recognized its characteristics. The East honored him, the South admired him, and the West loved him. "Theodore Roosevelt—American," is the only epitaph that adequately expresses the place he filled in the life of the nation.

But no American or true admirer of a true man, could feel that even such an epitaph as this is sufficient to express the heart's love of a nation for its sacred dead. For Roosevelt is the nation's dead as no others of its leaders save Washington and Lincoln. Two have been honored abundantly, and will continue to be so. Now the time has come to honor the third.

ROOSEVELT MEMORIAL MEETING WEDNESDAY

Organization for County to be Perfected at Public Meeting Held in Chamber Commerce Rooms

OFFICERS TO BE ELECTED

Campaign Under National Direction to Gain as Many Contributors as Possible

A meeting of all citizens interested in perpetuating the memory of Theodore Roosevelt by acquiring a suitable memorial are asked to attend the meeting at the Chamber of Commerce rooms Wednesday evening at 8 o'clock.

At that time an organization for Crow Wing county will be perfected to work under the National Roosevelt Memorial Association. It is planned to have each district of the county under a chairman and workers similar to the Liberty Loan campaigns so successfully carried out.

Officers will be elected for the county association. The idea of the memorial is not the gaining of large amounts from few contributors, but the gaining of many contributors, so that the whole county is represented. Each contributor will acquire a certificate attesting to his contributing to the memorial.

It is also planned to celebrate properly his birthday on October 27 and to keep before the public the principles and teachings for which Theodore Roosevelt so valiantly stood in his life time.

All who believe in "One flag, the American flag; one language, the language of the Declaration of Independence; one loyalty, the loyalty to the American people," are urged to attend the organization meeting.

A. J. Whiteman Goes to Poorhouse

Noted Swindler Was Prominent in Duluth Business Circles in the Eighties; Served Time

Alonzo J. Whiteman, aged 61, a former citizen of Duluth and at one time wealthy, has applied to the authorities of his home town, Danville, N. Y., for admission to the county poor-

house there, an Associated Press dispatch to the News Tribune reported last night.

After graduating from Hamilton college in New York, Whiteman, then 21 years old, came to Duluth where he soon became active in real estate and timber transactions. He acquired a considerable fortune and for a time occupied a prominent position in financial and political circles. He married a Duluth girl, and the couple lived in a large residence which Whiteman built on the lake shore at Twenty-fourth avenue East.

Whiteman was once state senator from Duluth, and candidate for congress in this district.

"THE MIRACLE MAN" FINE

Paramount-Artaft Picture Tells Great Story—At Park Theatre Oct. 22

A most absorbing story is unfolded in the new Paramount-Artaft picture, "The Miracle Man," which will be the attraction at the New Park theatre commencing Oct. 22. This picture, which was adapted from George M. Cohan's striking Broadway success by the same name, is declared to be one of the really great screen dramas of modern times. The original story was written by Frank L. Packard.

The plot of "The Miracle Man" deals with the moral transformation of a gang of New York crooks under the beneficent influence of a deaf and blind patriarch, who is a healer of proven powers. Coming to him originally with the idea of making money out of his gift, these four products of the metropolis' slums are made miraculously to realize their better selves. Thomas Meighan, Elinor Fair, Betty Compson, and other screen players of unusual ability interpret the fascinating story in a manner that leaves nothing to be desired.

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

MAYNARD LEE DAGGY

Second Number of Lyceum Course at Gardner Auditorium October 24

Those who enjoyed the first number of the University Lyceum Lecture course at Gardner Auditorium recently are assured of another high class entertainment in the appearance of Maynard Lee Daggy, who comes here on Friday, October 24 in popular lectures.

This course is being given under the direction of Rev. Eloy G. Carlson for the benefit of Brainerd lovers of the real fine things in art, music and logic and those who fail to hear M. Daggy will miss a rare treat.

Began as a Boy

Maynard Lee Daggy has a message for every audience. He is a natural orator. When, as a boy of five, he was taken to church, he would eagerly

ly listen to every word, and upon returning home would preach the sermon. His public and professional career has fulfilled the promise of youth.

After fourteen years of successful teaching, he gave up academic work in response to the larger call of the platform. He was instructor for three years in the University of Wisconsin, and for nearly eight years was professor of Rhetoric and Oratory in the University of Washington.

A Practical Man.

Professor Daggy was one of the first lecturers to urge the introduction of the so-called practical subjects in the public school. Parcels post, postal savings banks, the election of United States Senators by popular vote, the prohibition of the liquor traffic—these reforms were advocated by him when they were regarded as the impractical projects of visionary idealists.

Daggy is a cosmopolite. Labor finds in him a vigorous champion. Business men receive his community development work with enthusiasm. He is doing excellent service as lecturer for the Drama League of America.

HOW TO REACH RHEUMATISM THROUGH THE BLOOD

Powerful Iron in liquid form makes rich, red blood and drives uric acid out of the system forever.

It is now generally known that Rheumatism is caused by uric acid which is formed in the blood and deposited through thousands of little capillaries and nerves in different parts of the body.

If you have healthy, rich, red, strong blood, you will never have Rheumatism. Healthy blood eliminates uric acid, and does not allow it to stay in the body to cripple and pain.

The successful and reliable method of getting this great essential into the blood is through the use of a natural form of soluble iron known as Acid Iron Mineral. The nerves are immediately strengthened, bodily vigor is restored and the general improvement of all ailing conditions prove that the blood is getting the iron it must have to maintain perfect health. With the blood thus made healthy, uric acid is eliminated and

driven out of the system, even in cases where the trouble is of long standing, and has failed to respond to other methods of treatment.

This new way of driving Rheumatism out of the system through the blood made pure and strong with this natural soluble iron—Acid Iron Mineral—is being adopted by thousands as fast as the story can be told. There is no need to suffer longer—you can be on the road to recovery today. And in driving rheumatism from your system, this remarkable liquid Iron blood maker will give you stronger nerves, more power in every way.

If you suffer from Rheumatism in any form, no matter how long standing, you owe it to yourself to start using Acid Iron Mineral at once. Do not miss this opportunity. Call at your druggist today. Why suffer any longer?

PUBLIC SAFETY FUND, NO MONEY

Finance Committee Informs the Council That Salaries Due on Oct. 15th, are Unpaid

CHARTER PROVISIONS RULE

Imperative that Council Follow the Complete Budget System, Action of Council in Matter

The finance committee presented this report to the council at the regular meeting on Monday evening:

Committee Report.

To the Members of the Brainerd City Council:

Last week the acting City Clerk called up the Chairman of your Finance Committee and stated that the salaries for the 15th of the month were due and that there was no money in the Public Safety Fund to pay these salaries, which were charged to that fund.

After consulting the other members of the Committee the Chairman of this Committee voiced the opinion of the committee to the acting City Clerk that the provision of the Charter relative to the drawing of warrants when there were no funds had best be complied with subject to the decision of the council.

Your Committee did not wish to be arbitrary in this matter, but since there will be a shortage of \$2000 to \$2500 in this fund for this fiscal year, it behooves the council to give this serious consideration, as has been urged by this committee in their several reports now on file.

The voters of this city, by their action in ratifying the charter amendment last December, placed many restrictions upon the council. The chief of these was a complete budget system. There remains but one thing for the council to do if they live within the charter provisions and that will mean seriously crippling the protection which is imperative that the city should have.

There is some money in the Treasury levied for other purposes, but your committee is advised by our attorney that these cannot be transferred and if the money is used for other purposes than for what it is levied, those doing so are held personally liable by the Charter.

Consideration of the finance committee's report was deferred to the adjourned meeting Friday evening, October 24.

All council members were at the meeting except Alderman Koop and President Strickler. Vice President H. F. Michael presided.

Car for School Nurse

The city council considered the following communication:

"At a recent meeting of the Nurse and School Supervising Committee, it was decided to go before the public with a request for donations to provide additional funds with which to carry on the work of the City and School Nurse. The city council, as well as the school board, have previously placed at the disposal of this committee such funds as they were able to do, but in going over the situation the committee finds that the amount of these funds will not be sufficient to carry on this work as advantageously as it should be.

Since the nurse has been working, we have been able to secure volunteers to take her about the city in automobiles, but as the cold weather comes on we find that it is harder and harder to secure such volunteers and we also find that the labor of taking her about is gradually failing upon a very limited number of people who are generous enough to give the use of their cars. The cost of hiring an automobile for this purpose we consider excessive, and we have determined to make an effort to raise sufficient funds to purchase a Ford car for her use, the ownership of the car to be in the city of Brainerd and the school board. We believe that we can do this for less money than it would also cost to hire a car and it would also facilitate her work, as it would permit her to go and come with a great deal more freedom and convenience.

Should we succeed in raising more money than necessary to purchase a car, the committee finds that any surplus could be used to good advantage in carrying on this work, as the money at our disposal at the present time would, of necessity, limit the activity of the nurse.

The committee feels that, inasmuch as we hired the nurse, it is only good business to provide her with necessary equipment to do this work as it should be done, in order to produce good results.

The committee, therefore, have decided to ask both the city council and the school board to lend their endorsement to this effort to raise money by public subscription, as we believe that such an endorsement would be a big aid to the success of this matter.

Respectfully yours:

F. H. SIMPSON

Secretary of the City & School Nurse Supervising Committee.

The council endorsed the proposition, thinking the plan a proper one.

PAN MOTOR TRIAL IN CHICAGO THURSDAY

Chicago, Oct. 20.—S. C. Pandolfo, head of the Pan Motor company of St. Cloud, Minn., and 12 other officials of the corporation, charged with conspiracy in using the mails to defraud in the sale of \$7,000,000 worth of stock in the concern, will be placed on trial before Federal Judge Landis Oct. 23. The trial was set for today but postponed by agreement.

The indictments charge the defendants with having sold the stock to 60,000 persons in all parts of the country.

Judge Landis entered an order Sept. 26 warning attorneys for the corporation against intimidating or communicating with government witnesses.

R. Griebel, Charles Hazen, Clark Hayes and Severn Swanson. The informal ballot stood 8 for Severn Swanson.

On the formal ballot Alderman Andrew Anderson asked to be excused. The vote stood 7 for Severn Swanson. Mr. Swanson was declared elected. He is a Brainerd boy employed for years at the First National bank in Brainerd and later at a bank in Bozeman, Montana.

City clerk honors were fixed at 8 to 5, an hour day, and salary at \$130 by previous action of the council.

Railway Lease of Offices

M. E. Ryan appeared for the Minnesota & International railway company and accompanied by W. H. Gemme, general manager of the railway, presented notice of a termination of the company's lease of the city hall quarters December 31. This was accepted. In the case the new depot quarters were not completed by that time, the company was given permission to continue tenancy until the depot was ready.

Judgments Against City

The council discussed the Fitzer judgment of \$795.65 due against the city. Installments of waterworks bonds are due on Nov. 1. These cover part of the purchase of the city waterworks from Ambrose Tighe's company.

Security For Deposits

The Citizens State bank of Brainerd furnished the necessary security for deposits of city funds. The Brainerd State bank will furnish its security this week.

Street Sprinkling

Street sprinkling for 1920 was under consideration. L. Bourassa spoke to the council.

Ask Wage Increase

Laborers employed on city waterworks construction asked for an increase of wages from 45c to 50c an hour. It was originally referred to the water and light board by the council. The latter returned it. The council voted the increase be granted to take effect Oct. 1, subject to the approval of the water and light board.

Oak Street Crossing

City Engineer R. T. Campbell reported on the Oak street railway crossing and read correspondence with the state railroad and warehouse commission, the latter advising addition of a semaphore and better signal. The council instructed the city engineer to take up the matter with the railway company.

Petition to Improve Right of Way

First ward citizens presented a petition to remove and clear away "unsightly old building shacks, fire bell tower and old machinery and rubbish from the railway right of way west of the Park theatre and south of the railway track facing South Fifth street, thereby clearing the view and passage to the new railway depot." It was referred to the city engineer and city property committee.

Light Refund

The electric light rental refund asked by Falconer & Christoff is still hanging fire. They claim a refund of \$40 on unused current at Lum park, having paid in advance for service which necessarily terminated when their lease was discontinued. It was referred to the city attorney to see how much responsibility was shared by the city in the breach of contract between water and light board and Falconer & Christoff.

Second Reading

All voting aye, a second reading was given the ordinance setting license schedules as follows: jitneys \$10, motor dray trucks \$25, two horse drays \$5, single horse \$2.

Sewer Bids

The city engineer was authorized to advertise for sewer construction bids. They are two, the lateral C-9, district 3, between Norwood and Maple beginning 14th street and running east; the South Tenth street project.

Payrolls

Waterworks payrolls were allowed.

RED CROSS XMAS ROLL CALL PLANS

Outlined at a Meeting Held Monday Evening at the Chamber of Commerce Rooms

NOV. 2 RED CROSS SUNDAY

Nov. 2 to 9 House to House Canvass To be Made by Women's Council of Defense

Plans for the annual Red Cross Xmas Roll Call were outlined at a meeting at the Chamber of Commerce Monday evening, at a special meeting called by county chairman Milton M. Mahlum. The Roll Call begins on Monday, November 3, and will extend to Nov. 11th inclusive. The quota for Crow Wing county has been set at \$6,000. On Sunday, November 2nd the pastors of the several churches of the city have been requested to deliver a sermon on the subject of the Red Cross, at home and abroad; this is to be known as "Red Cross Sunday." From November 2nd to 9th, a house-to-house canvass will be conducted in this city by the ladies of the Women's Council of Defense under the direction of Mrs. Ben Armstrong. From November 9th to 11th, an open canvass will be conducted in the city, in order to call upon all who have not subscribed to the Roll Call. The annual memberships are \$1 each and the magazines can be secured during the Roll Call period for \$1 extra. There are no magazine subscriptions as in former Red Cross drives, the two being kept separate.

The following organizing was perfected at the Monday evening meeting: Milton M. Mahlum, county chairman; Mr. J. E. Hathaway assistant county chairman; L. D. Kinder, chairman city of Brainerd. Executive committee: Mrs. R. R. Gould, L. B. Kinder, Mrs. Wm. Betts, Miss Mabel O'Brien, L. E. Hathaway, Fred T. Lincoln.

The 4-minute men organization, so active during the war, will again be called to duty in this campaign. Among the well known speakers who will assist are: Rev. Hans Volner, Rev. Frederick Errington, Rev. E. A. Cooke, Rev. Father J. J. O'Mahoney, R. R. Gould, James Stevenson, L. E. Hathaway and others. The different branches and auxiliaries of the county have been advised of the Roll Call and are expected to organize their own localities and to co-operate in the work of the drive. Plenty of "pep" and enthusiasm will be put into this campaign with an idea of "Going Over the Top" for Crow Wing county and with hearty co-operation on the part of all.

All branches and auxiliaries will make their remittances direct to the secretary of the Brainerd Chapter, American Red Cross and all city collections will be turned in at the Red Cross headquarters, where they will be checked up by a special committee and receipts issued. The public is urged to co-operate in this splendid work and to assist the different committees in every manner possible. The work of the Red Cross is to well known to require any explanations and the general public in favor of this organization will be a big factor in the success of the coming drive.

Cement Caving In

Alderman Andrew Anderson reported on cement caving in near sewer work at 13th street near Rosewood street. It was referred to the street committee and city engineer with power to act.

More Money Needed

The water and light board reported that more money was needed to carry on improvements. The plan is to draw \$25,000 Nov. 1 and \$25,000 Dec. 1 from the Minnesota Loan & Trust Co., being funds originally available January 1, 1920. The council consented to the arrangement.

New Street Light

The council instructed the water and light board to put in a street light at Kingwood and Chippewa Sts., the cost originally being estimated by the water and light board at \$156.10. However, these figures were given some time ago and may be higher now.

Road in West Brainerd

The city engineer reported on a road through block 66 in West Brainerd. He was ordered to connect with Charles Krech's road around the block.

MISSISSIPPI RIVER SCENIC HIGHWAY

Convention Held in Memphis, Tenn., October 15 and 16 Attended by F. T. Lincoln

IS SEC. OF NORTHERN DIVISION

Senator P. H. McGarry Made Vice President of the National Organization of Route

The annual convention of the Mississippi River Scenic Highway Association held at Memphis, Tennessee, on October 15 and 16 proved a big success and did much to stimulate the promotion of the big highway between the north and south, according to Fred T. Lincoln of this city who returned Saturday night from the convention.

Mr. Lincoln went as the representative of the Brainerd Chamber of Commerce, the northern division of the highway association, the St. Paul Association of Public Affairs and it might be said the state of Minnesota, as he carried credentials from Governor Burnquist as well as the organizations mentioned. There were about 250 delegates present, a large percentage coming from southern cities along the route of the big river. Minnesota was honored in having Senator P. H. McGarry of Walker made vice-president for this state on the national organization, and E. M. McMahon, secretary of the St. Paul Association, director. Mr. Lincoln was on the committee on nominations and presented these two names to the convention. He also presented an invitation from St. Paul, through its mayor and the St. Paul Association, to hold the next convention in that city, but failed to "Bring Home the Bacon," as St. Louis was named as the place for the 1920 meeting. Owing to the fact that it is centrally located along the highway it was considered the most feasible point for the next meeting. The newspapers gave the city of St. Paul and the Minnesota representative full recognition in the efforts made to bring the convention north.

T. B. King, chairman of Chamber of Commerce Good-Roads committee of Memphis was made president of the association and Truman J. Pierson of St. Louis, Vice-President and manager. The Highway Assn. is incorporated under the laws of Missouri, with official headquarters in St. Louis. Mr. Lincoln states that he was shown every courtesy possible by the Chamber of Commerce of Memphis. The moving picture of Cass Lake Pageant was shown in the beautiful banquet hall of the Chisler hotel, before an audience of 250 or more Good-Roads boosters, the author explaining in detail the different scenes depicted and the evolution in 100 years in Northern Minnesota. The film made a good impression. The delegates encountered rainy weather during their stay in the south and those from the north returned with keener appreciation of their home state and the old home town, by reasons of their visit in Dixie land.

Mr. Lincoln states to the Dispatch that he was never happier in his life than when he breathed the pure fresh air of Minnesota again and got away from the sluggish atmosphere so in evidence all the way from St. Louis down. He brought back with him souvenirs in the shape of cotton balls, plucked from the cotton bush and used as place cards at the banquet table. He states that he never heard so much oratory in his life and that everything from the war to what the different cities of the south had done to bring it to a happy conclusion was discussed, as well as good roads. He will give a detailed report of his trip and some interesting incidents of the same at the next regular meeting of the Chamber of Commerce.

BOYS AT ROADSIDE

WAYLAY TRAVELERS; KILL DEPUTY SHERIFF

Tennesseans, Sent to Capture Bandits

Fall Victims to Pair

Chattanooga, Tenn., Oct. 20.—Barreling themselves at a lonely spot on the Dixie highway, two boys said to be James Oliver, aged 20, and a companion, Ed. Martin, held up at the pistol point all passersby from sunset until near midnight Saturday night, robbed travelers, captured citizens who went out to arrest them, fatally shot Deputy Sheriff W. B. McIntosh and capitulated only after Oliver had been wounded.

Martin is said to have ordered the captive citizens to take Oliver to Colteawah. After the citizens had started, Martin slipped away in the darkness and escaped.

At Colteawah, citizens placed a rope around Oliver's neck and strung him to the limb of a tree until he broke down and confessed.

CHAMBER COMMERCE MEETING POSTPONED

The regular monthly meeting of the Chamber of Commerce, scheduled for Wednesday evening, Oct. 22, has been put over until a later date on account of social functions and other matters taking up the attention of members.

The regular meeting date will be announced later and as considerable business of importance is to come before the Chamber, members are expected to be present.

At the Best Tonight

The cast of Tom Moore's newest Goldwyn Picture, "The City of Comrades," a picture of Basil King's widely-read novel of the same name, is in keeping with the dignity and beauty of the story. Tom Moore assumes the role of Frank Melbury, the young man of fine family who sinks to the lowest depths and makes his way up again through force of will.

As Regina Barry, the girl whose home is robbed by Frank, and who later falls in love with him, beautiful Seena Owen finds her third opportunity as the star's leading aide. Her capital work with Tom Moore in "A Man and His Money" and "One of the Finest" established her as his ideal foil; but in the Basil King story, she surpasses her previous characterizations.

The part demands refinement, distinction and sympathy besides exquisite feeling and emotional force. Miss Owen acquires herself superbly and at all times is an uncommonly lovely, carefully-nurtured American girl.

Otto Hoffman as Lovey, the curious old man who embodies a strange combination of good and evil—good in his devotion to Frank and evil in his influence over the young man—contributes a splendid study to his gallery of screen portraits. Although well known for his capital work with Charles Ray, his performance as Lovey is his finest achievement.

Dr. Cantyre in played by Albert Roscoe, who sheds the sandals and goatees of John The Baptist in "Salome" and similar productions to play an everyday gentleman. He does it with unassuming dignity and appeal; while Robert Walker, as Ralph Coningsby, sets a small role with finesse and intelligence. Mary

New County Seat
Glendive, Mont., Oct. 21—McCone county—brand new—was to select a county seat today. Circle, Brockway, Sand Creek, and Weldon were among the competitors for the honor.

Tri-State Phone Co.
St. Paul, Oct. 21—The Tri-State Telephone company operating in towns throughout the state, today was given an opportunity to show why rates should not be reduced by the railroad and warehouse commission.

At a hearing today the commission listened to the telephone company's side of the case, asked questions, and received further information upon which it will base its ruling, expected before December 1. The Northwestern Telephone Company will be given an opportunity to present its side of the question Thursday.

Child Labor Laws
St. Paul, Oct. 21—Minnesotans were asked today to get behind the campaign laws to prohibit and regulate child labor.

Miss Josephine Eschenbrenner, in charge of a local exhibit showing results of child labor, launched a campaign today to educate people throughout the northwest regarding child labor conditions. The public should know, and should be in a position to demand, remedial legislation, according to Miss Eschenbrenner. Ignorance and neglect are responsible for the most appalling conditions in factories, not only in the east and south, but in Minnesota, as well, she said.

Red Wing Celebrates
Red Wing, Minn., Oct. 21—Red Wing celebrated peace—and victory today.

One of the biggest parades ever staged in Minnesota outside the Twin Cities was to feature the day in which returned soldiers, nurses, sailors, marines and war workers were to participate. School children, fraternal organizations, city, county and state officials, church societies and other organizations were to take part in the parade.

Formal exercises in the auditorium, with Governor Burnquist as the principal speaker, were featured by special music furnished by special orchestra and choir organized for the occasion. Women of the city gave the "homecomers" a big dinner at the armory.

Nonpartisan Crisis
Fargo, N. D., Oct. 21—North Dakota farmer members of the National Nonpartisan League met in extraordinary session here today.

"We are facing the gravest crisis in the history of the league" said the call which brought the farmers here for the conference.

Action to counter-act what Nonpartisan League leaders charge is "a movement to destroy" the league and its credit, will be discussed.

Closing of the Scandinavian American bank at Fargo is directly responsible for calling a special convention. The state executive committee signed the call.

"The farmers' credit has been attacked in final desperate effort to stop all league activities, to destroy all league institutions, to ruin the new state industries, to crush the league program and blot out the organized farmers' movement forever," the committee charged.

"The closing of the Scandinavian American bank is the first step in a huge political plot which has behind it the money power of 'America,'" continued the committee statement.

"The conspirators have been ousted by the supreme court but temporary court injunctions alone cannot save the farmers' credit and the movement. Big Business is determined to destroy the value of farmer paper and nothing but the united, powerful, overwhelming action of the farmers to make that paper good as gold, can save it.

"Plotters who serve big business have jeopardized the entire farmer movement by attempting to bankrupt it," says the statement.

The Nonpartisan League attorneys secured an injunction against the attorney general, secretary of state and their agent taking the receivership of the Fargo bank out of their hands and placing the bank in the hands of State Bank Examiner Lofthus.

Rail Clerks Vote to Strike
Boston, Oct. 20—Approximately 1,200 members of the local branch of the express division of the Brotherhood of Railway Clerks yesterday endorsed the proposition for a nation-wide strike of the brotherhood early next month, unless wage demands before the Railroad administration are granted by November 2.

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but

headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakness, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it, in liquid or tablet form.

HUNS WANT REDUCED ARMY OF OCCUPATION

Berlin, Oct. 19—The budget committee has decided as a measure of necessary economy to recommend that the national assembly urge the government to endeavor to secure a reduction in the size of the army of occupation as soon as the peace treaty becomes operative.

OLD PAPERS—5c BUNDLE

SCHOOL TEACHER NEEDED BRAINS

"I never have had such a 'God-send' come to me as when I took the first dose of Mayr's Wonderful Remedy. I was afraid I would have to give up my school because of severe stomach, liver and bowel trouble which caused such a pressure of gas that I could not use my brain at times, and my heart would palpitate awfully. Since taking a treatment of Mayr's Wonderful Remedy a year ago, all this has disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

"A little knowledge is a dangerous thing"—and the confirmed tire "shopper" can hardly hope to have more than a very little knowledge of any make of tires—or any real understanding of true tire economy.

The car owner who rides on Firestone Gray Sidewall Tires stops "shopping." He knows that at least one make of tire delivers more miles of service. He knows that the name Firestone uniformly spells economy to him.
